

Fulford House
Fulford Place
Salisbury

A select development of six houses in a gated mews in the heart of Salisbury

Endless
Street

Endless Street

Fulford Place, Endless Street, Salisbury is Ash Mill Developments' latest scheme of just six carefully designed houses, situated within a gated mews off one of the central streets in this historic Cathedral City.

Comprising two beautifully restored Regency houses and four new build town houses, the development delivers six new homes each with secure parking and gardens. All are finished to Ash Mill's exacting standards with high quality design and specification. A 10 year new home warranty provides additional peace of mind.

One of the most historic parts of England, Salisbury is located within the Wiltshire Plains and was originally known as the settlement of Old Sarum. It lies within close proximity of the World Heritage Site of Stonehenge

and is less than an hour's drive from the south coast of England. The mainline railway station provides easy access to Bristol and London with a journey time of less than an hour and a half.

Beautifully and famously captured by John Constable in 1831, Salisbury Cathedral dates from the early 13th Century and is home to what is widely regarded as the finest original copy of the Magna Carta. It is the focal point of this beautiful city.

Today, the city offers a wide range of amenities including high quality local boutiques, national retail outlets and a wonderful range of restaurants, bars and cafés. Fulford Place is a short walk from Market Place and Guildhall Square.
